

Cities will never be fully accessible

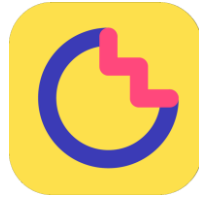

BUT: you can help the community to always find alternative routes by reporting obstacles on footpaths.

Takes only seconds.

How to report a footpath obstacle in the Route4U app

Open Route4U →
Android or iOS

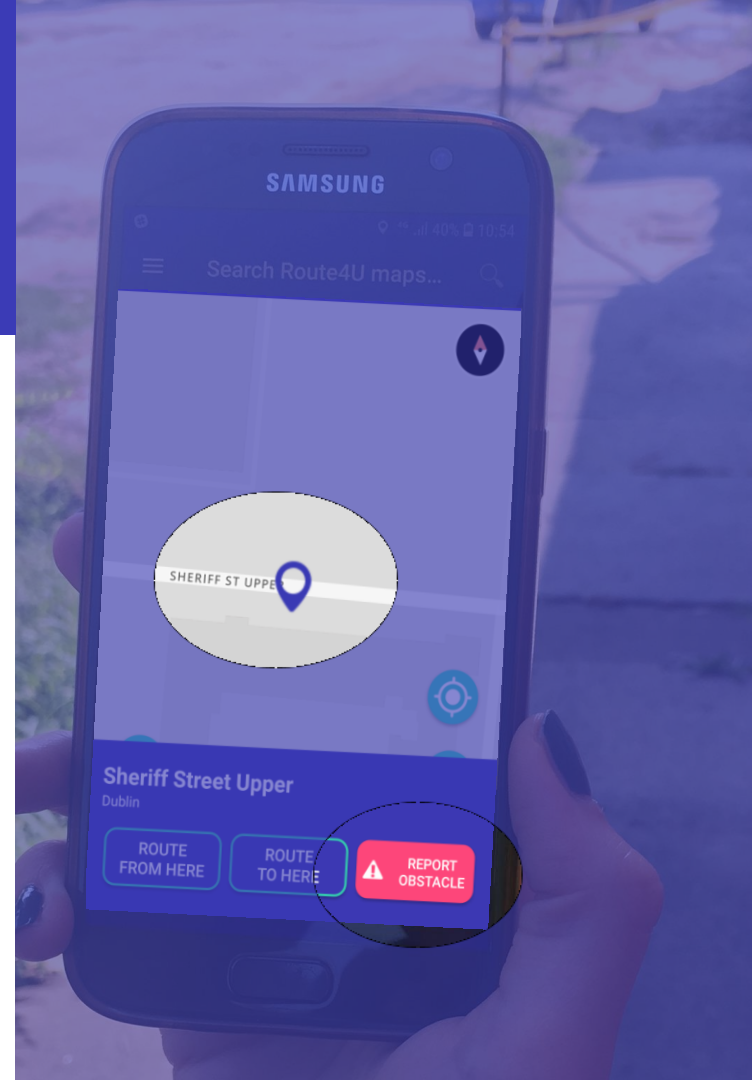

Get close to the obstacle

Take a landscape photo of the obstacle.

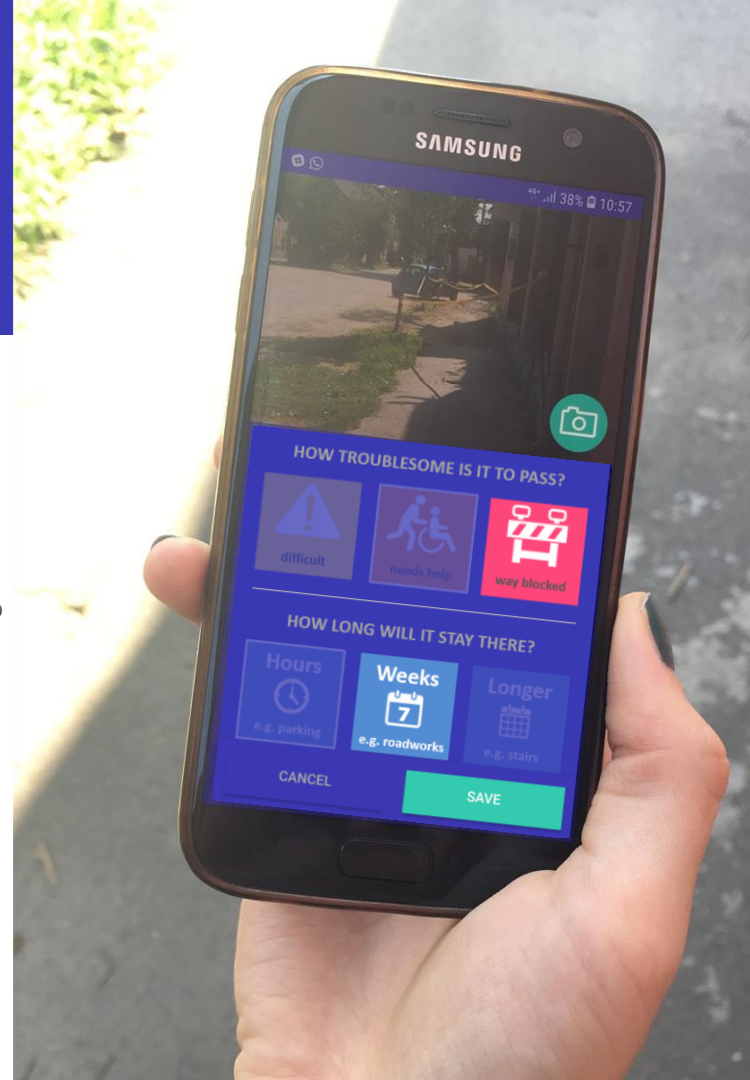

Rate how troublesome it is to pass.
difficult? - help needed? - way totally blocked?

How long do you think it will be there?

Hours only? (e.g. car parked on the footpath)

Maybe weeks? (e.g. roadworks, scaffoldings)

Longer? (e.g. stairs, tree roots, other permanent obstacles)
